¶ "Every man who opens up a road in the wilderness; every engineer throwing a bridge over icy rivers for weary travelers; every builder rearing abodes of peace, happiness, and refinement for his generation; every smith forging honest plates that hold great ships in time of storm; every patriot that redeems his land with blood; every martyr forgotten and dying in his dungeon that freedom might never perish; every teacher who has gone forth to carry liberty, intelligence, and religion to the ignorant, still walks among men, working for society, and is unconsciously immortal."

Newell Dwight Hillis.

HOW TO REACH MANSFIELD

Mansfield is thirty-six miles from Elmira, via the Erie Railroad. Students coming via the Northern Central Railroad, change at Elmira; those coming via the Pennsylvania Division of the New York Central, change at Tioga or Lawrenceville. Passengers from the East, by the Erie, change cars at Elmira; by the Lehigh Valley, change at Waverly, thence to Elmira and Mansfield by Erie; by the D., L. & W., change at Elmira, thence to Mansfield by the Erie. Those coming from the West, on the Erie or D., L. & W., change cars at Elmira.

All baggage should be distinctly marked with the name of the owner and "STATE NORMAL SCHOOL," to insure its being brought to the Normal buildings. Whenever baggage is to be taken to the station, it should be marked with the name and destination of the owner,

¶ "Let us always remember that nothing befalls us that is not of the nature of ourselves. There comes no adventure but wears to our soul the shape of our every-day thought; and deeds of heroism are but offered to those who, for many long years, have been heroes in obscurity and silence. And whether you climb up the mountain or go down the hill to the valley, whether you journey to the end of the world or merely walk around your house, none but yourself shall you meet on the highway of fate. If Judas go forth tonight, it is toward Judas his steps will tend, nor will chance for betrayal be lacking; but let Socrates open his door,—he shall find Socrates asleep on the threshold before him, and there will be occasion for wisdom."

RULES FOR FINAL EXAMINATIONS

Admission to Middle and Senior Classes

(For all the Normal Schools of Pennsylvania).

1. Admission to the Middle and Senior Classes shall be determined by the State Board of Examiners at the annual examination by the Board.

2. In order to be admitted to the Middle Class at any State Normal School, students must be examined by the State Board in ALL the Junior studies (except English Grammar and Arithmetic), and this examination shall be final. Persons who desire to be admitted to the Middle Class without having previously attended a State Normal School, must pass an examination by the Faculty and State Board Examiners in the academic studies of the Junior year (except the Senior review studies) and plane Geometry or the first book of Cæsar, and must complete School Management in the Middle Year.

3. In order to be admitted to the Senior Class students must be examined by the State Board in all the Middle Year studies (except Methods), and this examination shall be final. Persons who desire to be admitted to the Senior Class without having previously attended a State Normal School, must pass an examination by the Faculty and State Board in the academic studies of the entire course, except the review studies of the Senior Year; and must devote their time during the Senior Year to the professional studies of the course, and the review studies.

4. If the Faculty of any State Normal School, or the State Board of Examiners decide that a person is not prepared to pass an examination by the State Board, he shall not be admitted to such examination at any other State Normal School during the same school year.

5. If a person who has completed the examinations required for admission to the Middle or Senior Class at any State Normal School, desires to enter another Normal School, the principal of the school at which the examination was held shall send the proper certificate to the principal of the school which the person desires to enter. Except for the reason here stated, no certificate setting forth the passing of the Junior and Middle year studies shall be issued.

6. Candidates for graduation shall be examined by the State Board in all the branches of the Senior Year, including English Grammar and Arithmetic. They shall have the opportunity of being examined in any higher branches, incleding Vocal and Instrumental Music and Double Entry Bookkeeping; and all studies completed by them shall be named in their certificates.

7. Persons who have been graduated may be examined at any State examination in any higher branches, and the Secretary of the Board of Examiners shall certify on the back of their diplomas to the passing of the branches completed at said examination.

8. A certificate setting forth proficiency of all applicants in all the studies in which they desire to be examined by the State Board of Examiners shall be prepared and signed by the Faculty and presented to the Board.

(The certificate for the studies of the Junior Year shall also include the standing of applicants in the review studies of the Senior Year).

9. Graduates of State Normal Schools in the regular course and graduates of accredited colleges may become candidates for the degree of Bachelor of Pedagogics and Master of Pedagogics. To obtain these degrees, candidates must be examined by the Faculty and State Board upon these studies of the Supplementary Course. Three years' successful teaching in the public schools of the State since graduation (or two years in the case of candidates who taught in the Model School) will be required for the degree of Master of Pedagogics, in addition to the branches of study indicated above.

10. Attendance at the State Normal School during the entire year will be required of all candidates for graduation; but candidates for the pedagogical decree may prepare the required work *in absentia*.

(NOTE.—At the Annual Meeting of the Board of Normal School Principals, November 7, 1903, a rule was adopted permitting students who are prepared, to be examined in the subjects of the Junior and Middle Years at one and the same time).

OUTLINE OF FOUR YEAR NORMAL SCHOOL COURSE

(Adopted April 21, 1910, and to go into effect for all new students who enter the schools in September, 1910).

Students admitted to the First Year shall have a fair knowledge of Arithmetic, Reading, Orthography, Penmanship, United States History, Geography, Grammar, Physiology, Civics, and the Elements of Algebra to Quadratics. This is to be determined by a test given by the Faculty.

Admission

Properly certified graduates of approved Pennsylvania High Schools of the first grade, and City High Schools as listed by the Department of Public Instruction, may be admitted to the Third Year without examination by the Faculty, and be conditioned in the branches that have not been satisfactorily completed by them.

Upon the same conditions graduates of Pennsylvania High Schools of the second grade may be admitted to the Second Year; and graduates of Pennsylvania High Schools of the third grade, to the First Year.

Attendance Required for Graduation

Attendance in the Normal School for the last two years is required of all candidates for graduation, excepting that graduates of four year courses in colleges approved by the College and University Council may be graduated after an attendance of one year.

SPECIAL COURSES OFFERED IN THIS SCHOOL

COLLEGE PREPARATORY COURSES

(These courses have been instituted by this school for the benefit of students who desire to pursue a course of study at the college or university. Students who complete these courses are admitted, without examination, to most of the first-class institutions of higher learning).

COURSE IN ART

Elementary and Freehand Drawing is taught as a branch in the Regular Course.

Special Art Classes

FIRST YEAR.

Freehand drawing with lead pencil or charcoal from the type solids, and objects based on them. Designs in relief from cast; fragments of the antique from cast; painting in monochrome from still life; paintings of flowers and landscapes from the flat in oil and water colors; pen and ink work from objects and copies; sketching from nature in the spring; sketching from costumed life once a week.

SECOND YEAR.

Freehand drawing of heads from the antique, with lead pencil or charcoal; painting of figures from the flat in oil and water colors; pen and ink work from objects; sketching from costumed life; sketching from nature in the fall and spring.

THIRD YEAR.

Freehand drawing of the full length figure from the antique; more advanced work in painting from still life in oil and water colors; sketching from costumed life in pen and ink; elementary work in designing wall paper, book covers, etc.; painting from nature in oil and water colors; illustrating.

Besides the studies here named, every candidate for graduation in this course must pass satisfactory examination in the subjects of the Preparatory and Junior classes of the Regular Course or their equivalent, with the exception of Bookkeeping, Algebra and Latin. German may be substituted for Civil Government, and for part of the course in Arithmetic.

This course is laid out on the basis of three years' time, with two lessons a week for a student of ordinary talent and with reasonable application. Students who show more than ordinary talent or who increase the number of lessons per week, may shorten the time, as advancement is determined by what is really accomplished rather than by time spent.

Public School Drawing

An advanced feature of the Art Department is a course to fit persons to become teachers or supervisors of drawing in the public schools.

A certificate will be granted to those who complete the course. All such persons must be able to pass, in addition to the work in Art, examinations in English Grammar, Reading, Orthography, Arithmetic, Algebra, Physiology, Geography, U. S. History, Civics, Penmanship, Physical Culture, Rhetoric, Literature, School Management, Methods of Teaching, Psychology and History of Education.

(If members of the Supervisor's Course in Art must take in class any of the above subjects, they must be paid for at the rate of 35 cents per week each).

This Supervisor's Course in Drawing includes:

Twenty-six weeks in Drawing. (Daily class work).

Twenty-six weeks Charcoal Drawing and Clay Modeling. (Two lessons per week and daily practice, two periods at least, in studio).

Thirteen weeks Water Color Work. (Two lessons per week and daily practice in studio).

(The above work is in Still Life and Flowers. No copied work will be considered in this course).

History of Art. (Two terms).

Selected Readings from VanDyke's History of Art, Goodyear's History of Art, Marquard's History of Sculpture, VanDyke's Art for Art's Sake, Rood's Student's Color Manuel, and Arthur Dow's composition.

Forty weeks teaching drawing in Model School. (One period per day).

Literary Studies

Students will not be considered candidates for graduation until they give evidence of requisite musical ability, and also pass the required examination in the following literary subjects: English Grammar, Reading, Orthography, Arithmetic (b), Geography, U. S. History, Drawing, Physiology, Vocal Music, and one year of German, French or Italian.

Public School Music

A distinct feature of the Music Department is the establishment of the Department of Public School Music.

A special certificate will be granted to those who complete this course, and every effort will be made to aid such graduates to secure positions as teachers or supervisors. Besides the subjects required, in Music proper, for the Public School Music Course, the candidate must pass examinations in the following: School Management, English Grammar, Reading, Orthography, Arithmetic, Algebra, Physiology, Geography, U. S. History, Civics, Penmanship, Drawing, Vocal Music, Physical Culture, Psychology, Methods of Teaching, Rhetoric, one year of German, French or Italian, Literature, and History of Education. (If persons taking the Public School Music, or taking the full course in music with a view to becoming graduates in music, must take in class any of the above subjects, they must be paid for at the rate of 35c per week each).

A complete Conservatory Course in Music is offered, while at the same time the best opportunities are offered to beginners.

Requirements for Graduation

Students will not be considered candidates for graduation until they show a practical mastery of the above, of the subjects of the Regular Junior Course, and of Rhetoric, Literature, Psychology, and Methods of Teaching.

The applicant must have given at least two individual recitals and have coached two school entertainments.

If candidates for graduation in Expression must take any of the above class-subjects, they must be paid for at the rate of 35c per week each.

GENERAL INFORMATION

THE AIM

The distinctive aim of a Normal School is the preparation of teachers for service in the public schools. The methods of teaching and government which grow naturally out of this aim, are best suited to the education of all who would be prepared for life.

Since the teacher must be an *independent learner*, our class-room work is designed to foster this quality. A subject is not considered learned when a student is able to answer any number of leading questions of facts; the evidence of accomplishment is seen rather in his ability to treat the subject without the aid of a techer's questions—to grasp its philosophy, and to become so thoroughly the master of it that he can rationally question another.

Furthermore, the really successful teacher must be a person of *unsullied character* and of a strongly formed *habit of self-control*. Accordingly, our disciplinary aim is to develop these qualities. Obedience to regulations, sympathetic co-operation in all requirements, and interested endeavor in all school duties, are expected of every student.

Parents are urged not to look upon this as a reformatory, and not to send to us vicious or immoral persons to be educated. All that lies in the power of the faculty will be done for those who strive to help themselves. Others will be advised to withdraw. The time and energy of an earnest and superior faculty is too largely expended in teaching well and in helping faithful people, to justify any other course.

THE PLAN

The especial mental equipment of a teacher (aside from character and a forceful personality), consists of (1)—Knowledge of the subject matter to be taught; (2)—Knowledge of the laws of mental action; (3)—Knowledge of those methods of imparting instruction and of moving the will which are in most complete harmony with the laws of mental action. This last knowledge may be either theoretical or practical; with the artistic teacher it is both.

In this school the student receives his knowledge of subject matter in his daily study and recitations. He acquires an elementary knowledge of the laws of mental action by the study of Psychology. In order to supply him with theoretical knowledge of the best method of imparting instruction and of moving the will, we give regular instruction in Methods of Teaching, School Economy and History of Education. Finally, to furnish him, as far as possible, with the needed practical skill, we introduce the Senior to the work of actual teaching in the Model School.

Students have the privilege of renting books at a nominal rate, excepting that Literary Classics and books on Pedagogy must be bought. All such books are sold here at first cost, including cost of shipment.

While the opportunity to rent books is always open to students, they are strongly urged to buy most of the books they will use. This advice is given because of the value such books will be to persons when they become teachers, no matter whether or not they are the books used in the district in which the person teaches.

BUILDINGS AND GROUNDS

The Normal School buildings present a noble and imposing aspect. The school grounds have an area of ten acres. The lawns about the buildings are beautifully laid out and covered with a great variety of forest trees. The sports of the school are carried on in Smythe Park, a beautiful enclosure in Mansfield of about 30 acres, containing a ball field that is unexcelled, and with seating accommodations for five thousand people.

SOUTH HALL

This is a briek structure, one hundred fifty feet in length by fifty feet in width. In this building are the men's dormitories, the circulating library, reading room and reference library, five recitation rooms, and the text-book library. This building, formerly the old seminary, was enlarged and remodeled in 1889. One hundred and fifty feet north of South Hall, stands the

NORTH HALL

This building, we claim, is one of the finest school buildidgs in the country. It is two hundred seventy feet long by one hundred feet wide, and five stories high. It contains the Principal's office, dormitories for the women, reception rooms, suite of rooms for the Art and Music departments, an elegant dining room large enough to seat five hundred, passenger and freight elevators, the kitchen, bakery, etc. Two stories of an ell, completely removed from the other rooms, are set apart as an infirmary. They are furnished with every appliance for the sick. The dormitories on each floor of both buildings are supplied with bath tubs, and everything needed for health and comfort. All the buildings are heated by steam, lighted by electricity, and supplied with fire escapes of the best construction. Midway between the North and South buildings is

ALUMNI HALL

This is a brick building, fifty-four by one hundred seventeen feet, three stories high. It contains the Model School rooms, recitation rooms, and a concert hall which occupies one entire story. In this hall is located one of the finest pipe organs to be found in this section of country. This building was completed in 1886. In the rear of the South Hall stands the

GYMNASIUM

This is a fine structure; it is a frame building, fifty by one hundred thirty feet; it contains a large drill hall, fifty by one hundred feet, two spacious rooms used for dressing rooms, a room equipped with shower-baths and lockers, and one class room. The drill hall is well furnished with apparatus. This building was erected in 1888.

FREE TUITION

To each student who, upon registration, signs an agreement in accordance with the Act of Legislature quoted below, *Tuition in the Regular Normal Department is FREE.* (This free tuition is always conditioned upon succeeding Legislatures continuing to make appropriation for such purpose.)

"For the support of the Public Schools and Normal Schools of this Commonwealth for the two years commencing on the first day of June, one thousand nine hundred and one the sum of eleven million dollars. * * * * For each student over seventeen years of age who shall sign an agreement binding said student to teach in the common schools of this state two full annual terms there shall be paid the sum of one dollar and fifty cents a week in full payment of the expenses for tuition of said student; provided, that each student in a State Normal School drawing an allowance from the State must receive regular instruction in the science and art of teaching in a special class devoted to that object for the whole time for which such allowance is drawn, which amount shall be paid upon the warrants of the Superintendent of Public Instruction." (Persons can receive the benefit of this State aid from the time they are seventeen years of age).

Teachers who enter for the Spring Term as soon as their schools are closed, will be charged, according to the above term rates, for time they are in actual attendance, *Provided they remain to the end of the term.*

In all private work students will be charged for lessons that they lose through temporary absence, excepting that in absence due to illness, they will be given an opportunity to make up lost lessons, whenever the teacher's time will admit of it.

DEDUCTIONS.

Deductions will be made to students in the regular Normal work, who are absent from school two consecutive weeks or more on account of sickness or for other satisfactory reasons.

No deduction will be made to students entering within the first two weeks, or leaving within the last two weeks of a term.

The Enrollment Fee is not deducted even though a student leaves during the term.

PAYMENTS

TO WHOM MADE—All checks should be drawn to the order of the State Normal School, and payment *be made* to the principal.

BOARDING STUDENTS—Those who receive State Aid are required to pay $30 the first day of each term; those who do not receive State Aid $40 the first day of the term. The remaining amount for the Fall Term is payable Oct. 27, 1910; for the Winter Term, Feb. 9, 1911; and for the Spring Term, May 11, 1911.

(The Registration Fee must be paid each term before a student will be allowed to enroll for any of the work.)

DAY STUDENTS—Those who do not receive State Aid are required to pay the term's tuition in the regular Normal Department the first day of the term.

STUDENTS IN SPECIAL DEPARTMENTS—Tuition for the term, in the special department, strictly in advance; and a receipt for the same must be presented to the teacher before beginning the lessons.

OF SPECIAL INTEREST

Education means more than that which is received from text-books or imparted in the class room. There are certain cultural elements which will be found in every wisely educated person—elements that cannot easily be described, but whose absence in anyone makes him a marked person.

ETIQUETTE—Great care is taken in this school to supply these features of a true education. Specific addresses are given from time to time, by members of the faculty, upon the various phases of "good form." These teachings are insisted upon in the lives of members of the school.

SOCIAL LIFE—As this is a co-educational institution, frequent occasions are made for the natural and proper association of the sexes—always under the chaperonage of members of the faculty.

Fraternities and Literary Societies add to these cultural elements in the student's life. These are re-enforced by many literary, musical and scientific gatherings to which pupils are urged to give their time and effort.

LIBRARY—As an adjunct to all this, and also an essential aid to class work, the school is supplied with a superior circulating and reference library, selected by the librarian and the teachers of the several departments. More than seven hundred and fifty volumes are added yearly, and it is catalogued after the most modern and approved plan. It is housed in a commodious and well-lighted room, and to the library is added a great list of the leading magazines and the daily and weekly papers.

LIBRARY STUDY—About one hundred students were this year given a course in library work, thus fitting them the better to use and enjoy libraries and to direct the reading of their pupils. An especial phase of the work was the study of Juvenile Literature.

ENTERTAINMENT COURSE—Believing that a school cannot fail to lose much of its vitality if it holds itself aloof from activities beyond itself, we maintain a superior course of Lectures and Entertainments each year. Hereafter these lectures will be open to all students of the school, the enrollment fee paying for the Course Ticket.

ENVIRONMENT—But choice cultural elements cannot be wrought into one's habit of life unless his environment lends constant support to

that end. Therefore it is that our pupils are brought to a dining-room unexcelled by any school whether we consider the quality of what is furnished or the attractiveness of the room in which it is enjoyed; the rooms of our students are the most commodious and the best furnished to be found in any school of our class; while the corridors and public rooms are adorned with statuary and pictures which reflect the choicest that art has yet produced.

RELIGIOUS AIDS—The religious element in our natures receives here the attention which its importance merits. Without a touch of sectarianism, but with constant regard for those of all faiths, the very life of the school is made to reveal the spirit of true religion. Bible study, stated meetings for devotion, missionary study, and religious addresses—all under the auspices of the Y. M. C. A., and Y. W. C. A.,—although purely voluntary, are always encouraged, and are largely attended. Sunday morning church attendance is officially required.

ATHLETICS—Athletics comes in also for its due share of attention. A committee of Trustees and Teachers controls this phase of the school's activities. And while not a cent is given to anyone because of the part he may take in athletics, nor a favor shown to him for such part, all are encouraged to persevere in whatever phase of manly sport may be to their liking. Frequent inquiries are received from individuals asking what will be "done for them," if they will come and enter one of our ball teams. To such inquiries there is only one reply given, which is in effect this: Absolutely nothing will be done for you because of any part you may take in the sports of the school; if you are seeking a place where you may get a first class education, we believe you can find it here; if to this you wish to add some participation in the school's sports the way for it is wide open provided you can make a place on one of the teams, and will attend to your school work while you are doing it.

The games of Foot Ball, Basket Ball and Base Ball are now open to all members of the school, the enrollment fee paying for the ticket.

PHYSICAL CULTURE—Aside from the above named sports of the school, especial attention is given to Physical Culture. This is for the health, strength and grace of the individual, as well as for its value to him as a teacher. In this work pupils are required to wear clothing suitable for such exercises—divided skirt and loose blouse for the ladies; a negligee shirt for the men, and rubber-soled shoes for all. Students are advised not to get suits until they reach Mansfield, so that all may follow an approved pattern. They can be procured here at very slight cost. All regular students of the school, regardless of the course they are pursuing, are required to take work in the gymnasium, unless they are physically incapacitated, in which case they are excused upon presentation of a physician's certificate.

STUDENTS' ROOMS—The educational influence of our students' rooms is not overlooked. Excepting a few small rooms, designed for one person each, they are commodious and are tastefully decorated and

furnished. Two students are expected to occupy a room, except by previous arrangement with the Principal and the payment of an excess fee of fifty cents per week.

Ladies' rooms are furnished with carpet, rockers, straight chairs, tables, bed-room set complete, pillows and one comfortable, mirror on dressing case.

Gentlemen's rooms are furnished with arm chairs, straight chairs, tables, wash-stand, dressing case with mirror, bed, pillows and one comfortable.

All rooms are heated by steam and lighted by electricity.

Students furnish napkins, towels, pillow-slips, sheets and one comfortable. The last article named, together with all articles to be laundered, should be distinctly marked with the owner's name.

BAGGAGE—For two days at the opening and two days at the close of each term, students' baggage is carried to and from the railway station free of charge.

HONORS

Gold medals are offered to the members of the Senior class for excellence in oratory and original composition, the contest to take place during Commencement week. No person is allowed to compete for the gold medal, or to appear in other positions of honor as a representative of the school, unless his past conduct justifies such a public appearance.

Nominations for Senior Class-Day honors must be submitted to the Faculty for approval before the persons can be elected.

General Honors

Each class is divided into three groups, viz: Honor, Credit, Graduation.

The Honor group comprises those whose average, for the year the honor is given, is 90 per cent. or over; the Credit group those whose average is from 85 per cent. to 90 per cent. Average for graduation is 75 per cent.

Announcement of the standing of the first two groups in each class will be made at Commencement.
